

You Can Rest Easy With Heil[®]

UP TO
95% AFUE
EFFICIENCY

Our QuietComfort[™] line is designed to make your life easier.

Depend on Heil[®] for a full line of high efficiency furnaces that are exceptionally easy to install and service— all backed by the No Hassle Warranties you want.

- Easy-to-see, quick-read diagnostic features including a control board LED that flashes a fault code if failure occurs, visible through glass in blower door. The door also displays fault code explanations.
- 95% AFUE gas furnace with PSC motor is eligible for a tax credit.*
- Two-stage control board supports both PSC & VS models and allows for easy service.
- Variable speed motor electronics can be serviced without removing entire motor.
- Patented RPJ[®] III weld-free heat exchanger lasts longer.

These are only a few of the service-friendly and customer-friendly Heil features designed to help your business grow. For more information on Heil heating & cooling products, visit www.GoHeil.com.

*Model H9UHX gas furnaces may qualify for \$150 U.S. Tax Credit and Model H9MPV gas furnaces may qualify for \$50 U.S. Tax Credit. See www.GoHeil.com for details on which furnaces and applications qualify. See www.energystar.gov for details on applying for tax credits.
